TO FULL CAPACITY

THE HIGH SCHOOL AUDITORIUM CROWDED AT SCHOOL MEETING.

LECTURED OVERTIME

Mr. Wright's Lecture So Interesting That He Was Urged to Talk On—Addresses All Good.

When County Superintendent W. M. Oakerson arose in the joint meeting of the county teachers and school board directors this morning to tell J. Kelly Wright, lecturer for the state board of agriculture, that his name was up and he must bring his address to a close, the people called for him to go on with the lecture, and the morning meeting held a half hour over time.

The auditorium of the high school was crowded almost to full capacity this morning, and everyone listened with closest attention to what Mr. Wright had to say. He spoke along the line of agriculture in the schools, high schools as well as country and grade schools. He urged the consolidation of the rural schools and said that the school and home should be brought close together in such a way as to make both more pleasant for the child and create in him a desire to stay on the farm.

The other addresses were alike pertinent and interesting. President Ira Richardson urged a longer tenure for rural teachers, provided they were efficient. He did not ask that a teacher who was incompetent should be kept in a school, but where the teacher does do her work well, both teacher and pupils will profit by being together longer.

Senator Anderson Craig told of the unusual number of good school laws passed by the last legislature and of some new legislation which he hopes to put through this year. Prof. John E. Cameron addressed the convention on "Agriculture in the Rural Schools."

The teachers and school directors met in separate sessions this afternoon, the former in the high school and the latter in the circuit court room of the court house.

The program of the teachers' meeting was given over to the subjects of drawing, language and grammar, lesson plans, and work to be done during the coming year.

Some 300 members of the district school boards were in attendance at the convention today. The afternoon meeting was taken up with talks on such subjects as school records and reports, the heating and ventilation of country schools, the lighting, painting and care of school buildings and yards.

The afternoon program of the teachers consisted of papers and talks by Mrs. J. Z. Campbell of Chicago, Supt. D. V. Culp, Miss Golda Carmichael, Supt. James A. Faris, James Simmons and Miss Phoebe Bramblet.

At the school board convention those taking part in the afternoon program were George Pat Wright, W. A. Blagg, W. M. Oakerson, Winfred Hawkins, T. W. Porter, M. D. Kemp, John Evans, Prof. John E. Cameron, Will Gex, Dr. A. T. Fisher and H. W. Hull.

DRAINAGE BOARD MET.

Was in Session This Afternoon to Take Dredge Boat Proposition and Other Matters.

A meeting of the drainage board of the 102 drainage district is being held this afternoon in the county court room. The members present were Anderson Craig, J. C. Pistole, James Strickler, Frank Hinton and H. H. McClurg, secretary of the board.

Routine matters were taken up by the board at the time we went to press, but it was given out that some action is to be taken about hiring a dredge boat so as to make the drainage ditch deeper and wider. It was thought that two boats would be employed.

Andy Chris Cummins and Hosick Holmes went to Bolckow this afternoon after the Holmes car, which was left there Thursday evening.

J. C. Pistole of Hopkins was in the city Friday.

Miss Josephine Keeler went to Arkoe Friday.

NEWS OF MARYVILLE'S SOLDIERS AT CAMP MAJOR.

FOUND TENTS ALREADY

Some of the Boys Got Sick and Two Failed to Report at Roll Call—Did Guard Duty.

Nevada, Mo., Headquarters.—We reached the end of our journey in due time and all were well. When we arrived at camp we were surprised, indeed, to find our tents were all up. We were very impatient and moved into our hotels at once. Our first camp meals were not as expected. They consisted of beans, hardtack and coffee, strong enough to float a fifty-pound weight. We had beans for breakfast, beans for dinner and for supper our dessert consisted of beans, and we still have beans.

Sergeant Ray and Musician Bugler Wilson are having a terrible time over a belt and revolver which was issued to Wilson, but Ray makes use of it most of the time.

We were ordered out to guard mount at 10 o'clock a. m., and Captain Phipps was made officer of the day. And those chosen for duty until 10 o'clock tomorrow were as follows: Q. M. J. K. Ross, acting sergeant of guards. The guards consisted of three reliefs, and Corp. John Guinn, Corp. Robey and Corp. Still were in charge of reliefs. The guards were Privates Geo. Listen, James MaMahan, Cleve Kissinger, Gene Bratcher, Roy David, Archie, Colden, John Butrum, and Artificer Karl Miller and Clarence Cook.

Arch Ledgerwood and Tillman Nevel are the Beau Brummels of the company, as they were the first of the company seen strolling down Broadway with Nevada friends.

First Lieutenant Charles made a gallant showing of his bravery at Kansas City by rushing forth in the midst of conflict and confusion and capturing an escaped would be deserter of a very desperate character from Copmany K of St. Joseph.

Roy David and Clarence Cook did not show up for roll call, so they had to do extra duty by digging a large hole and then filling it up again.

Musician Herschel Conklin said that he is sick and got relief from duty. We all thought that he was stalling at first, but we soon found out that he was sick sure enough.

Artificer Carl Miller made a great showing yesterday in the midst of battle. While shells were flying he rushed forward through the lines up to the side of our noble captain and brushed the dust from his shoes.

There were a few on the sick list but we are all getting along just fine.

JUDGMENT RIGHT

WOMAN'S INTUITION ONCE MORE PROVEN SUPERIOR.

PROUD OF VINDICATION

Those Magazines Have Arrived and the Women Are Gloating Over Detractors.

At last they have come, a few, a very few copies of them. What? The copies of Culture Magazine, of course.

Do you remember the agent who was in town several weeks ago taking subscriptions for magazines, the agent who belonged to the Christian church at Christian homes, the Methodist church at Methodist homes, was going into home mission work when talking to the Presbyterian housewives and so on down the line? And do you remember how the women of Maryville all helped him along in his sincere effort to educate himself, and how, after he had cashed their checks at the bank and left town, they decided they had been duped and immediately became scotching mad?

Well, a few copies of the magazine have come, and the women who were lucky enough to get them are now gloating in the belief that they were not fooled, but with clear sighted business acumen saw a good thing, a sure thing and a cheap thing and took advantage of it.

FUNERAL HELD TODAY.

Body of Mrs. Brockelman Arrived Last Night and Burial This Afternoon.

The body of Mrs. Martha Culverson Brockelman, who died last week at Santa Rosa, Cal., arrived in Maryville last night. Edward Culverson, a nephew of Mrs. Brockelman from Sacramento, Cal., came with the body from Santa Rosa. The funeral services were held at 2 o'clock this afternoon in the Christian church and were conducted by Rev. C. J. Miller. The burial was in Oak Hill cemetery.

The pallbearers were W. C. Frank, Dr. J. H. Todd, J. R. Brink, G. L. Wilfley, W. W. Glass and W. A. Miller.

Stanberry Paper Burns.

The Stanberry Owl-Headlight, a Democratic newspaper of Stanberry, was burned out early Thursday morning. Andrew Bennett, editor and publisher of the paper, estimates his damage at $3,000, with $1,900 insurance.

It is not known how the fire originated, but Ash Goodwine, foreman, who was in the office at 5 o'clock this morning, said it started from the outside. The plant was a complete loss.

As Thursday was the day of publication, the paper will be late this week.

BIG INSURANCE MEETING.

The Annual Session of the State Association of Mutual Insurance Companies to Be Held Here.

The annual meeting of the State Association of Mutual Insurance Companies will be held in Maryville on November 5 and 6. There are now ninety-six mutual insurance companies in the state of Missouri, and one or two delegates from each company is expected at the meeting. At least 125 delegates will be in attendance. The Maryville Commercial club, with the co-operation of the Nodaway County Mutual company, will entertain the visitors with a banquet, automobile rides and other entertainment that will make them glad they came to Maryville.

Following is the program as far as it has been arranged for the occasion:

Called to order Wednesday at 9 a. m. by J. B. Shores, president.

Invocation—Rev. S. D. Harkness.

Address of welcome in behalf of the city—Hon. W. A. Blagg.

Address of welcome in behalf of the local insurance company—President J. L. Hepburn.

Response—President J. B. Shores, Fayette, Mo.

Address—Ira Richardson, president Northwest Normal.

The Linville hotel will be the headquarters for the delegates and has made rates of $1.50 and $2 per day. The Ream hotel has made rates of $1.25 and $1.50 for the occasion. The sessions will be held in the court house, and the above program will be completed by the state committee.

WHAT HUGHES IS DOING.

Thirty Concrete Culverts Put in by Township—Eight Bridges by the County.

The following is what the Graham Record says about the work of building concrete culverts in Hughes township:

Hughes township still keeps the lead of all of the twonships in the county in the erection of concrete culverts and permanent road work.

Before the frost flies this township will have added some thirty more concrete culverts to its permanent road work, beside the county will make for them this fall eight or nine concrete bridges. Hughes township, although one of the largest townships in the county, will be one of the best bridged in this part of the state.

The township board stands as a unit for progressive and permanent road work, and one of the commendable features of the township road improvement has accomplished this without any bonded indebtedness. The board is a strong advocate of cement bridges, and to stimulate this kind of work they have made the broad offer to the township of buying the cement, rock and doing the work if the citizens would put all the material on the ground. This has accomplished wonders, and it is fast placing Hughes township in the very fore rank as one of the best bridged townships in the state.

DEATH OF ORVIL DAVIS.

ASKS PERMISSION

THE LEE ELECTRIC CO. WISHES TO LIGHT ELMO.

WILL HOLD ELECTION

Elmo Will Vote On Question of Spending $400 For Street Lights—If O. K. Will Push Plan.

The Lee Electric Co., of Clarinda, Ia., has petitioned the county court for permission to erect poles and wires along the public highway of the county from the Iowa line to Elmo for the purpose of furnishing electricity to that town. The petition states that the company is authorized to do business in Missouri. The company wants the permission for twenty years.

The court will probably grant the request to the company.

Elmo will hold a special election on September 16, for the purpose of voting on the question of spending $400 a year for street lights for ten years. If the proposition should carry, then Elmo will go ahead and arrange with the Lee company to furnish the current. It will take a two-thirds majority. Private parties wishing lights at Elmo will pay for what they use and the service will be continuous for twenty-four hours a day and every day in the year. The franchise will be for twenty years and the contract for ten years.

Elmo has been without electric lights for the past few months and no satisfactory arrangements can be made with the present plant which was started by Joe Younger.

"BLESSED ARE THE MEEK."

Let the man who disagrees with President Wilson's Mexican policy seriously face, even for a few moments' anxious thought, the consequences of the alternative policy.

There is only one alternative. That is war. "Intervention" is a mere dodge to escape the uglier term. We offered our friendly offices to Mexico. She has rejected them. We may quietly await the outcome or we may fight her. There is no third course open.

To "intervene" would mean to make ourselves morally responsible for order and peace in Mexico. This would involve the subjugation of 15,000,000 people, scattered over a territory as large as Ohio, Indiana, Illinois, Michigan, Wisconsin, Minnesota, Iowa, Missouri, the Dakotas, Nebraska and Kansas. This territory is bounded by thousands of miles of coast line upon two oceans and extends through eighteen degrees of latitude. It is diversified by mighty mountain ranges and has vast desert stretches inhabited by savages and outlaws. It would cost the lives of thousands of our young men to pacify it. It would require hundreds of millions of treasure.

If we should put our hands into this wolf's trap, when and how should we get them out again? How could genuinely free institutions develop in Mexico under the yoke of a hated foreign power? We should be compelled to govern 15,000,000 human beings against their consent by superior force. What effect would this have upon us? Where would be those protestations of devotion to the cause of freedom and liberty which are now our glory, because our history illustrates them? How could we rule by violence and escape that destruction that violence always wreaks upon the violent?

To intervene in Mexico would be to make ourselves hated with fiery hate from the isthmus to the Straits of Magellan. Every Latin-American republic would loathe us. Just at the time when the opening of the Panama canal has emphasized the reality of the tie which unites all the republics of the western world we should be found sowing dragon's teeth, which would not fail of a harvest.

In Judea of old there walked a humble Man, whose words are the basis and foundation of the most stable relations of men and nations today—Jesus the Christ. He said: "Blessed are the meek, for they shall inherit the earth." This is the keynote of the new international law. And every word of President Wilson's message is attuned to it.—St. Louis Republic.

HOPKINS.

Mrs. Madaline Caffrey of Mound City and Mrs. Schoonover of Maryville were visitors in Hopkins Thursday.

Mrs. Silas Sheley and Mrs. Ed Mendenhall and children left Thursday noon for Hinkley, Minn., where they will visit for the next three weeks with Mrs. Sheley's brother.

Misses Hazel and Ellen Sheley are visiting with Mr. and Mrs. H. A. Dalbey at Grant City.

Mrs. Reba House and son left Wednesday morning for her home in Helena, Mont., after a visit of several weeks with her parents, Mr. and Mrs. Lou Bradley, north of town.

Miss Eva Allen left Wednesday morning for her home at Greenfield, Mo., after a week's visit with Mr. and Mrs. F. B. Monroe, and other friends.

Mr. and Mrs. Fred Wooldridge and family drove to Chariton, Ia., last Sunday in their Mitchell 6 and visited for the day with Mr. and Mrs. Frank Fike.

J. C. Pistole returned this week from a vacation trip to the south, and reports the weather as some dry there, too!

Mr. Rutledge and family of Alpha, Henry county, Ill., who are visiting at the home of Mack McCleve, south of town, will leave this (Friday) noon for their home.

Miss Sophia Forcade, a former teacher in the Hopkins schools, came in from her father's home, near Clearmont, and spent last Thursday with Hopkins friends. Miss Forcade has been teaching in Oklahoma ever since leaving the Hopkins schools, and will return there this year.

A. C. Monroe, who was quite badly hurt in a runaway last week, is getting along nicely, and his friends hope he will soon be out again.

Ted Jackson and Roy Brown will again open their picture show at Blockton, going over this week for that purpose.

Miss Elizabeth Sobbing and her mother returned this week from a visit Mr. and Mrs. Roy Hanna of Clearmont.

Dr. Henson has purchased a Ford runabout to take the place of his motorcycle.

Mr. and Mrs. E. R. Brown are away on their vacation, visiting in Kansas, Nebraska and Iowa.

Mr. and Mrs. O. Wheeler made a short visit to New Market the first of the week.

John Douglas and his mother left Thursday morning for an extended visit with Mrs. Ed Freeman of Pueblo, Col.

Dave Landis of Sheridan was shaking hands with his many Hopkins friends this week.

Miss Lou Hughes returned Monday evening from a short visit with friends at Lenox, Ia.

Miss Cloe Jeffries was a visitor at the Des Moines fair, returning home the middle of the week.

Prof. and Mrs. Lowrey went to Elmo Wednesday for a visit with friends.

Mrs. Tyler and children of Lincoln, Neb., left for her home Tuesday night, after an extended visit with her parents, Mr. and Mrs. Frank Melick.

Mrs. H. B. Griffith is receiving a visit from her father, Wilson Jones, of Kansas.

The regular meeting of the I. O. O. F. will be held at the lodge room Monday evening, September 1, at which time all the members are urged to be present.

Howard Lewis, the 3-year-old son of Mr. and Mrs. Charles Lewis, was quite badly hurt while playing in the barn yard, a team of mules running over him. He sustained a broken hip and the entire body was badly bruised and otherwise injured. The Parnell doctor who was called reached the little sufferer just thirty-five minutes after the accident happened. So much for the telephone and automobile.

A Steady Pull

We are convinced that right styles and quality, with steady prices, impress you more than high prices and poor goods, most of the time; in fact, all the time, with the exception of a big cut price sale, where suit prices are cut in half. You doubt the statement that competitors of our make when they advertise a big cut like that. Well, we are not making any such cuts as that, because we are not buying the cheaper class of goods. We stand ready any time to prove that we deliver the best goods for the least money.

How About a Fall Suit

A large shipment arrived just a few days ago of both Men's, Young Men's and Boys' Fall and Winter Suits. We want you to see them, look over the bunch and then see if we haven't got a stylish and dependable line of reasonable priced suits.

Shirts of All Descriptions

Say, the new Shirts that we have received are certainly classy. We are always looking for the best in this line. This new assortment is better than ever and the prices are as low as ever.

These Shirts have longer sleeves and they are much longer southward.

Fall Line of Shoes

Every pair of Shoes handled by us are the best to be had for the money. We have never sold anything but the best grade of Shoes. Ask your friends.

We Are Always Looking for Better Goods

If we do not handle certain makes of Clothing it is because we have found something better. Our competitors are always grabbing for the lines that we throw aside, but remember the place to get satisfaction.

NUSBAUM

Mrs. S. J. Yeomans left Thursday for a two weeks' visit with her sister, Mrs. W. H. Shaw of Oskaloosa, Ia. Mrs. Shaw visited in Hopkins about a year ago, and will be remembered by the many friends she made while here.

Rev. Henry Hepburn of Buena Memorial church, Chicago, accompanied by his son, left Wednesday noon, after a thirteen months visit with his relatives east of town. Next Sunday Rev. Hepburn will preach in the First Presbyterian church at Washington, D. C., after which he will resume his work in his Chicago church.

The pulpit in the Presbyterian church here will be occupied next Sunday morning and evening by Rev. R. J. Blue of Enid, Okla., who comes as a candidate for the pastorate of the church. Rev. Blue is a young man, very highly spoken of, a graduate of the Omaha Theological seminary, and everybody is cordially invited to come and hear him.

Miss Cleo Kime entertained at dinner last Tuesday evening Misses Lou Hughes, Edna Robb, Gertrude Brown and Annie Laipplie.

The Art club met Thursday afternoon at the home of Mrs. E. E. Wolfers, Jr., a good attendance being noticed.

The Parnell picnic is on in full force this week, and some Hopkins people are brave enough to face the dust and heat, so as to attend.

There is some talk of the Hopkins picnic being abandoned on account of the dry weather. If it keeps on as it has for the last few weeks, we will be all dried up and blown away when the time comes for the picnic.

Mr. and Mrs. Harry Jones were in Lenox Wednesday, and while there they witnessed another of the many fires for which the little town of Lenox is so famous. Starting from an overheated belt in the top of the grain elevator, the first intimation the men working in the elevator had was when the belt dropped to the floor burned in two, and the flames burst from the top of the building. The elevator, with what grain it contained, was entirely destroyed, together with three blacksmith shops and some other smaller buildings. The large barn occupied by Gordon and Richards was saved by the heroic efforts of the citizens formed in a bucket brigade. Lack of water seemed to be the greatest trouble, and the new fire engine purchased this last spring and the Creston fire company, who came on a special train, were not of much force, because the wells gave out. However, as Lenox voted for water works a few weeks ago, they are in hopes to overcome this trouble soon. A funny phase of the situation was that the man who owned the large barn that was saved was one of the strongest workers against the water works proposition when it came up for a vote.

Right now is the time to push the water works question, and push it hard, as we would be practically at the mercy of the flames if they should break out.

SAVINGS DEPARTMENT

The officers of the Nodaway Valley Bank wish to announce the establishment of a SAVINGS DEPARTMENT in connection with this institution.

This department will take care of your savings, paying interest semi-annually, and render every assistance in cultivating the habit of saving money.

No one need be ashamed to save money. No one need be ashamed to start with as little as a dollar. The habit of saving money, if persisted in, is bound to make for financial independence and to make a good citizen of the "man with the habit" as well.

You may start an account in our SAVINGS DEPARTMENT with a dollar and make deposits from time to time. No red tape. No formality. Simplest thing in the world, and think what it means.

The SAVINGS DEPARTMENT of the NODAWAY VALLEY BANK will open for business on

FRIDAY, AUGUST 22, 1913

Hours 9 a. m to 3. p. m.

On all accounts opened before September 1st, 1913, interest will be allowed from August 15th, 1913.

Don't overlook this invitation to start a SAVINGS ACCOUNT. Drop in next time you are passing and get started. We have a book for YOU.

CAUCUS O. K.'S CURRENCY BILL

Majority in House Approves Money Measure, 163 to 9.

DISCUSSION OF WEEKS ENDED

Resolution Binding Members to Support Proposed Law Is Adopted. Chairman Glass Predicts Measure Will Be Passed Within Ten Days.

Washington, Aug. 29.—The administration currency bill, after nearly three weeks of discussion, was finally approved by the house Democratic caucus by a vote of 163 to 9. The dissenters were Representatives, Henry, Eagle and Calloway of Texas, Hardwick of Georgia, Lobeck of Nebraska, Buchanan and Fowler of Illinois, Neeley of Kansas and Sisson of Mississippi. After agreeing to the bill, the caucus adopted a resolution by an almost unanimous vote, declaring the bill to be a party measure and that "members of this caucus are pledged for the bill to its final passage, without amendment; provided, however, the banking and currency committee may offer amendments in the house."

The feature of the session was the adoption of a committee amendment as a substitute for the section on bank reserves, which, in effect, simply served to clarify the section as originally drawn.

The measure will be reintroduced in the house today by Chairman Glass, referred immediately to the banking currency committee, which will meet next Tuesday. It is expected the bill at once will be reported back to the house, which Mr. Glass predicts would pass it within ten days, many Republicans having indicated their purpose to support it.

The measure as it stands after adoption by the caucus is summed up by Chairman Glass, who piloted it through the caucus, as follows:

Regional Reserve Banks.

"The bill establishes twelve regional reserve banks, with a capital of not less than $5,000,000 each, to which national banks are required to contribute an amount equal to 10 per cent of their own capital stocks and to become liable for an additional 10 per cent in case of call. This, it is estimated, will give the regional reserve banks a combined paid up capital of $105,000,000. These regional reserve banks also are made custodians of a large part of the reserve money of member banks, estimated at about $410,000,000 in the aggregate. They also receive the government deposits, estimated at from $150,000,000 to $250,000,000.

"Over the whole system of regional reserve banks is to be a federal reserve board, consisting of seven members. This board is given extensive powers of supervision, examination and control.

One Important Provision.

"One important provision is for the gradual refunding, for a period of twenty years, of the United States 2 per cent bonds into 3 per cent government bonds without the circulation privilege. This will mean the eventual retirement of national bank notes. The circulation privilege will thus revert to the government itself, issuing through the regional reserve banks on a gold reserve of 33 1-3 per cent to be provided by the banks.

"The notable reserve features of the bill contemplate a reserve requirement of central reserve cities from 25 to 48 per cent and of all country banks from 10 to 25 per cent.

"National banks are compelled to become members of the system under penalty of forfeiture of charters, while state banks are permitted to become members under regulations of the federal reserve board.

"Concerning the provisions relating to rediscounts, over which there was such a prolonged fight, and as a substitute for which Representative Henry and others offered amendments comprising eighteen printed pages, the only change made was to add two and a quarter typewritten lines declaring that nothing contained in the bill should be construed to prohibit the rediscounting of notes and bills of exchange secured by agricultural products and other goods, wares and merchandise."

JEHOME TRIP PROVES VAIN

Premier of Quebec He Went to See Gone to New York.

Sherbrooke, Aug. 29.—Harry K. Thaw's lawyers, successful so far in keeping their client in jail, safe from the immigration authorities, rejoiced when they received word from Quebec that the trip of William Travers Jerome to see Sir Lomer Gouin, provincial premier and attorney general, had been in vain. Presumably Mr. Jerome did not know that the premier had left Quebec for New York to join those paying tribute to Lord Haldane, who is to arrive there from England today.

TO FULL CAPACITY

THE HIGH SCHOOL AUDITORIUM CROWDED AT SCHOOL MEETING.

LECTURED OVERTIME

Mr. Wright's Lecture So Interesting That He Was Urged to Talk On—Addresses All Good.

When County Superintendent W. M. Oakerson arose in the joint meeting of the county teachers and school board directors this morning to tell J. Kelly Wright, lecturer for the state board of agriculture, that his name was up and he must bring his address to a close, the people called for him to go on with the lecture, and the morning meeting held a half hour over time.

The auditorium of the high school was crowded almost to full capacity this morning, and everyone listened with closest attention to what Mr. Wright had to say. He spoke along the line of agriculture in the schools, high schools as well as country and grade schools. He urged the consolidation of the rural schools and said that the school and home should be brought close together in such a way as to make both more pleasant for the child and create in him a desire to stay on the farm.

The other addresses were alike pertinent and interesting. President Ira Richardson urged a longer tenure for rural teachers, provided they were efficient. He did not ask that a teacher who was incompetent should be kept in a school, but where the teacher does do her work well, both teacher and pupils will profit by being together longer.

Senator Anderson Craig told of the unusual number of good school laws passed by the last legislature and of some new legislation which he hopes to put through this year. Prof. John E. Cameron addressed the convention on "Agriculture in the Rural Schools."

The teachers and school directors met in separate sessions this afternoon, the former in the high school and the latter in the circuit court room of the court house.

The program of the teachers' meeting was given over to the subjects of drawing, language and grammar, lesson plans, and work to be done during the coming year.

Some 300 members of the district school boards were in attendance at the convention today. The afternoon meeting was taken up with talks on such subjects as school records and reports, the heating and ventilation of country schools, the lighting, painting and care of school buildings and yards.

The afternoon program of the teachers consisted of papers and talks by Mrs. J. Z. Campbell of Chicago, Supt. D. V. Culp, Miss Golda Carmichael, Supt. James A. Faris, James Simmons and Miss Phoebe Bramblet.

At the school board convention those taking part in the afternoon program were George Pat Wright, W. A. Blagg, W. M. Oakerson, Winfred Hawkins, T. W. Porter, M. D. Kemp, John Evans, Prof. John E. Cameron, Will Gex, Dr. A. T. Fisher and H. W. Hull.

The following teachers came in Thursday afternoon for the meeting:

Barnard—H. Lemaster, Mamie Armstrong, D. D. Hooper, Olva Ramsey, Leonard Mendenhall,, Bertha Campbell, Golda Wohlford.

Clearmont—Addie Carpenter.

DRAINAGE BOARD MET.

Was in Session This Afternoon to Take Dredge Boat Proposition and Other Matters.

A meeting of the drainage board of the 102 drainage district is being held this afternoon in the county court room. The members present were Anderson Craig, J. C. Pistole, James Strickler, Frank Hinton and H. H. McClurg, secretary of the board.

Routine matters were taken up by the board at the time we went to press, but it was given out that some action is to be taken about hiring a dredge boat so as to make the drainage ditch deeper and wider. It was thought that two boats would be employed.

Andy Chris Cummins and Hosick Holmes went to Bolckow this afternoon after the Holmes car, which was left there Thursday evening.

J. C. Pistole of Hopkins was in the city Friday.

Miss Josephine Keeler went to Arkoe Friday.

FROM THE FRONT

NEWS OF MARYVILLE'S SOLDIERS AT CAMP MAJOR.

FOUND TENTS ALREADY

Some of the Boys Got Sick and Two Failed to Report at Roll Call—Did Guard Duty.

Nevada, Mo., Headquarters.—We reached the end of our journey in due time and all were well. When we arrived at camp we were surprised, indeed, to find our tents were all up. We were very impatient and moved into our hotels at once. Our first camp meals were not as expected. They consisted of beans, hardtack and coffee, strong enough to float a fifty-pound weight. We had beans for breakfast, beans for dinner and for supper our dessert consisted of beans, and we still have beans.

Sergeant Ray and Musician Bugler Wilson are having a terrible time over a belt and revolver which was issued to Wilson, but Ray makes use of it most of the time.

We were ordered out to guard mount at 10 o'clock a. m., and Captain Phipps was made officer of the day. And those chosen for duty until 10 o'clock tomorrow were as follows: Q. M. J. K. Ross, acting sergeant of guards. The guards consisted of three reliefs, and Corp. John Guinn, Corp. Robey and Corp. Still were in charge of reliefs. The guards were Privates Geo. Listen, James MaMahan, Cleve Kissinger, Gene Bratcher, Roy David, Archie, Colden, John Butrum, and Artificer Karl Miller and Clarence Cook.

Arch Ledgerwood and Tillman Nevel are the Beau Brummels of the company, as they were the first of the company seen strolling down Broadway with Nevada friends.

First Lieutenant Charles made a gallant showing of his bravery at Kansas City by rushing forth in the midst of conflict and confusion and capturing an escaped would be deserter of a very desperate character from Copmany K of St. Joseph.

Roy David and Clarence Cook did not show up for roll call, so they had to do extra duty by digging a large hole and then filling it up again.

Musician Herschel Conklin said that he is sick and got relief from duty. We all thought that he was stalling at first, but we soon found out that he was sick sure enough.

Artificer Carl Miller made a great showing yesterday in the midst of battle. While shells were flying he rushed forward through the lines up to the side of our noble captain and brushed the dust from his shoes.

There were a few on the sick list but we are all getting along just fine.

JUDGMENT RIGHT

WOMAN'S INTUITION ONCE MORE PROVEN SUPERIOR.

PROUD OF VINDICATION

Those Magazines Have Arrived and the Women Are Gloating Over Detractors.

At last they have come, a few, a very few copies of them. What? The copies of Culture Magazine, of course.

Do you remember the agent who was in town several weeks ago taking subscriptions for magazines, the agent who belonged to the Christian church at Christian homes, the Methodist church at Methodist homes, was going into home mission work when talking to the Presbyterian housewives and so on down the line? And do you remember how the women of Maryville all helped him along in his sincere effort to educate himself, and how, after he had cashed their checks at the bank and left town, they decided they had been duped and immediately became scotching mad?

Well, a few copies of the magazine have come, and the women who were lucky enough to get them are now gloating in the belief that they were not fooled, but with clear sighted business acumen saw a good thing, a sure thing and a cheap thing and took advantage of it.

FUNERAL HELD TODAY.

Body of Mrs. Brockelman Arrived Last Night and Burial This Afternoon.

The body of Mrs. Martha Culverson Brockelman, who died last week at Santa Rosa, Cal., arrived in Maryville last night. Edward Culverson, a nephew of Mrs. Brockelman from Sacramento, Cal., came with the body from Santa Rosa. The funeral services were held at 2 o'clock this afternoon in the Christian church and were conducted by Rev. C. J. Miller. The burial was in Oak Hill cemetery.

The pallbearers were W. C. Frank, Dr. J. H. Todd, J. R. Brink, G. L. Wilfley, W. W. Glass and W. A. Miller.

Stanberry Paper Burns.

The Stanberry Owl-Headlight, a Democratic newspaper of Stanberry, was burned out early Thursday morning. Andrew Bennett, editor and publisher of the paper, estimates his damage at $3,000, with $1,900 insurance.

It is not known how the fire originated, but Ash Goodwine, foreman, who was in the office at 5 o'clock this morning, said it started from the outside. The plant was a complete loss.

As Thursday was the day of publication, the paper will be late this week.

The Skidmore Circuit.

The pastor will preach at New Hope on Sunday at 11 a. m. Mr. McGinniss will preach at Skidmore at 8 p. m. Sunday school and leagues at usual hours. This is the closing Sunday of the conference year. Everybody incited.

BIG INSURANCE MEETING.

The Annual Session of the State Association of Mutual Insurance Companies to Be Held Here.

The annual meeting of the State Association of Mutual Insurance Companies will be held in Maryville on November 5 and 6. There are now ninety-six mutual insurance companies in the state of Missouri, and one or two delegates from each company is expected at the meeting. At least 125 delegates will be in attendance. The Maryville Commercial club, with the co-operation of the Nodaway County Mutual company, will entertain the visitors with a banquet, automobile rides and other entertainment that will make them glad they came to Maryville.

Following is the program as far as it has been arranged for the occasion:

Called to order Wednesday at 9 a. m. by J. B. Shores, president.

Invocation—Rev. S. D. Harkness.

Address of welcome in behalf of the city—Hon. W. A. Blagg.

Address of welcome in behalf of the local insurance company—President J. L. Hepburn.

Response—President J. B. Shores, Fayette, Mo.

Address—Ira Richardson, president Northwest Normal.

The Linville hotel will be the headquarters for the delegates and has made rates of $1.50 and $2 per day. The Ream hotel has made rates of $1.25 and $1.50 for the occasion. The sessions will be held in the court house, and the above program will be completed by the state committee.

WHAT HUGHES IS DOING.

Thirty Concrete Culverts Put in by Township—Eight Bridges by the County.

The following is what the Graham Record says about the work of building concrete culverts in Hughes township:

Hughes township still keeps the lead of all of the twonships in the county in the erection of concrete culverts and permanent road work.

Before the frost flies this township will have added some thirty more concrete culverts to its permanent road work, beside the county will make for them this fall eight or nine concrete bridges. Hughes township, although one of the largest townships in the county, will be one of the best bridged in this part of the state.

The township board stands as a unit for progressive and permanent road work, and one of the commendable features of the township road improvement has accomplished this without any bonded indebtedness. The board is a strong advocate of cement bridges, and to stimulate this kind of work they have made the broad offer to the township of buying the cement, rock and doing the work if the citizens would put all the material on the ground. This has accomplished wonders, and it is fast placing Hughes township in the very fore rank as one of the best bridged townships in the state.

DEATH OF ORVIL DAVIS.

The Funeral Services Were Held Friday Morning Near Alanthus.

Orvil Davis, 41 years old, who lives near Alanthus, southeast of Ravenwood, died early Thursday morning in a St. Joseph hospital, following an operation for appendicitis. The body arrived at the home last night, and the funeral was held at 11 o'clock this morning. The burial took place in Jennings cemetery. Mr. Davis was the son of John Davis and is survived by his wife and nine children.

ASKS PERMISSION

THE LEE ELECTRIC CO. WISHES TO LIGHT ELMO.

WILL HOLD ELECTION

Elmo Will Vote On Question of Spending $400 For Street Lights—If O. K. Will Push Plan.

The Lee Electric Co., of Clarinda, Ia., has petitioned the county court for permission to erect poles and wires along the public highway of the county from the Iowa line to Elmo for the purpose of furnishing electricity to that town. The petition states that the company is authorized to do business in Missouri. The company wants the permission for twenty years.

The court will probably grant the request to the company.

Elmo will hold a special election on September 16, for the purpose of voting on the question of spending $400 a year for street lights for ten years. If the proposition should carry, then Elmo will go ahead and arrange with the Lee company to furnish the current. It will take a two-thirds majority. Private parties wishing lights at Elmo will pay for what they use and the service will be continuous for twenty-four hours a day and every day in the year. The franchise will be for twenty years and the contract for ten years.

Elmo has been without electric lights for the past few months and no satisfactory arrangements can be made with the present plant which was started by Joe Younger.

SELECTED AS TEACHER.

Miss Marjery Hine of Savannah to Be Mathematics Teacher of the High School.

The school board has selected Miss Marjery Hine of Savannah as the mathematics teacher of the high school, to take the place of Miss Margaret Thompson, who resigned. Miss Hine is a daughter of W. G. Hine, who is a member of the Maryville Normal board of regents. She recently graduated from Northwestern university at Evanston, Ill.

All of the teachers for the city schools are now selected. School will open a week from Monday.

DEATH AT QUITMAN.

John Ackerman, After Residing in That Town Thirty-Seven Years, Passed Away.

John Ackerman died at his home in Quitman at 6:30 o'clock Thursday morning, after an illness of nearly five months. He was 76 years old and had lived in Quitman thirty-seven years. The funeral services were held in the Methodist church at 2 o'clock this afternoon and were in charge of the Odd Fellows and Rev. H. S. Baker. Mr. Ackerman is survived by his wife and children, William Ackerman of Maitland, Mrs. Spencer of Hartman, Col., and Mrs. Hattie Long of Dubois, Neb.

Married at 7:30 A. M.

Miss Pearl A. Blankenship and Kenneth V. Dryden of St. Joseph were married at 7:30 o'clock this morning by Justice of the Peace Johnson in his office.

A Big Frost 50 Years Ago.

Fifty years ago last Sunday, August 24, 1863, there was a big frost all over this country, that damaged vegetation considerably. Do you remember it?—Elmo Register.

"BLESSED ARE THE MEEK."

Let the man who disagrees with President Wilson's Mexican policy seriously face, even for a few moments' anxious thought, the consequences of the alternative policy.

There is only one alternative. That is war. "Intervention" is a mere dodge to escape the uglier term. We offered our friendly offices to Mexico. She has rejected them. We may quietly await the outcome or we may fight her. There is no third course open.

To "intervene" would mean to make ourselves morally responsible for order and peace in Mexico. This would involve the subjugation of 15,000,000 people, scattered over a territory as large as Ohio, Indiana, Illinois, Michigan, Wisconsin, Minnesota, Iowa, Missouri, the Dakotas, Nebraska and Kansas. This territory is bounded by thousands of miles of coast line upon two oceans and extends through eighteen degrees of latitude. It is diversified by mighty mountain ranges and has vast desert stretches inhabited by savages and outlaws. It would cost the lives of thousands of our young men to pacify it. It would require hundreds of millions of treasure.

If we should put our hands into this wolf's trap, when and how should we get them out again? How could genuinely free institutions develop in Mexico under the yoke of a hated foreign power? We should be compelled to govern 15,000,000 human beings against their consent by superior force. What effect would this have upon us? Where would be those protestations of devotion to the cause of freedom and liberty which are now our glory, because our history illustrates them? How could we rule by violence and escape that destruction that violence always wreaks upon the violent?

To intervene in Mexico would be to make ourselves hated with fiery hate from the isthmus to the Straits of Magellan. Every Latin-American republic would loathe us. Just at the time when the opening of the Panama canal has emphasized the reality of the tie which unites all the republics of the western world we should be found sowing dragon's teeth, which would not fail of a harvest.

In Judea of old there walked a humble Man, whose words are the basis and foundation of the most stable relations of men and nations today—Jesus the Christ. He said: "Blessed are the meek, for they shall inherit the earth." This is the keynote of the new international law. And every word of President Wilson's message is attuned to it.—St. Louis Republic.

FRECKLES

Now Is the Time to Get Rid of Those Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of othine—double strength—from your druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful, clear complexion.

Be sure to ask for the double strength othine as this is sold under guarantee of money back if it fails to remove freckles.

Howard Lewis, the 3-year-old son of Mr. and Mrs. Charles Lewis, was quite badly hurt while playing in the barn yard, a team of mules running over him. He sustained a broken hip and the entire body was badly bruised and otherwise injured. The Parnell doctor who was called reached the little sufferer just thirty-five minutes after the accident happened. So much for the telephone and automobile.

A Steady Pull

We are convinced that right styles and quality, with steady prices, impress you more than high prices and poor goods, most of the time; in fact, all the time, with the exception of a big cut price sale, where suit prices are cut in half. You doubt the statement that competitors of our make when they advertise a big cut like that. Well, we are not making any such cuts as that, because we are not buying the cheaper class of goods. We stand ready any time to prove that we deliver the best goods for the least money.

How About a Fall Suit

A large shipment arrived just a few days ago of both Men's, Young Men's and Boys' Fall and Winter Suits. We want you to see them, look over the bunch and then see if we haven't got a stylish and dependable line of reasonable priced suits.

Shirts of All Descriptions

Say, the new Shirts that we have received are certainly classy. We are always looking for the best in this line. This new assortment is better than ever and the prices are as low as ever.

These Shirts have longer sleeves and they are much longer southward.

Fall Line of Shoes

Every pair of Shoes handled by us are the best to be had for the money. We have never sold anything but the best grade of Shoes. Ask your friends.

We Are Always Looking for Better Goods

If we do not handle certain makes of Clothing it is because we have found something better. Our competitors are always grabbing for the lines that we throw aside, but remember the place to get satisfaction.

NUSBAUM

Mrs. S. J. Yeomans left Thursday for a two weeks' visit with her sister, Mrs. W. H. Shaw of Oskaloosa, Ia. Mrs. Shaw visited in Hopkins about a year ago, and will be remembered by the many friends she made while here.

Rev. Henry Hepburn of Buena Memorial church, Chicago, accompanied by his son, left Wednesday noon, after a thirteen months visit with his relatives east of town. Next Sunday Rev. Hepburn will preach in the First Presbyterian church at Washington, D. C., after which he will resume his work in his Chicago church.

The pulpit in the Presbyterian church here will be occupied next Sunday morning and evening by Rev. R. J. Blue of Enid, Okla., who comes as a candidate for the pastorate of the church. Rev. Blue is a young man, very highly spoken of, a graduate of the Omaha Theological seminary, and everybody is cordially invited to come and hear him.

Miss Cleo Kime entertained at dinner last Tuesday evening Misses Lou Hughes, Edna Robb, Gertrude Brown and Annie Laipplie.

The Art club met Thursday afternoon at the home of Mrs. E. E. Wolfers, Jr., a good attendance being noticed.

The Parnell picnic is on in full force this week, and some Hopkins people are brave enough to face the dust and heat, so as to attend.

There is some talk of the Hopkins picnic being abandoned on account of the dry weather. If it keeps on as it has for the last few weeks, we will be all dried up and blown away when the time comes for the picnic.

Mr. and Mrs. Harry Jones were in Lenox Wednesday, and while there they witnessed another of the many fires for which the little town of Lenox is so famous. Starting from an overheated belt in the top of the grain elevator, the first intimation the men working in the elevator had was when the belt dropped to the floor burned in two, and the flames burst from the top of the building. The elevator, with what grain it contained, was entirely destroyed, together with three blacksmith shops and some other smaller buildings. The large barn occupied by Gordon and Richards was saved by the heroic efforts of the citizens formed in a bucket brigade. Lack of water seemed to be the greatest trouble, and the new fire engine purchased this last spring and the Creston fire company, who came on a special train, were not of much force, because the wells gave out. However, as Lenox voted for water works a few weeks ago, they are in hopes to overcome this trouble soon. A funny phase of the situation was that the man who owned the large barn that was saved was one of the strongest workers against the water works proposition when it came up for a vote.

Right now is the time to push the water works question, and push it hard, as we would be practically at the mercy of the flames if they should break out.

SAVINGS DEPARTMENT

The officers of the Nodaway Valley Bank wish to announce the establishment of a SAVINGS DEPARTMENT in connection with this institution.

This department will take care of your savings, paying interest semi-annually, and render every assistance in cultivating the habit of saving money.

No one need be ashamed to save money. No one need be ashamed to start with as little as a dollar. The habit of saving money, if persisted in, is bound to make for financial independence and to make a good citizen of the "man with the habit" as well.

You may start an account in our SAVINGS DEPARTMENT with a dollar and make deposits from time to time. No red tape. No formality. Simplest thing in the world, and think what it means.

The SAVINGS DEPARTMENT of the NODAWAY VALLEY BANK will open for business on

FRIDAY, AUGUST 22, 1913

Hours 9 a. m to 3. p. m.

On all accounts opened before September 1st, 1913, interest will be allowed from August 15th, 1913.

Don't overlook this invitation to start a SAVINGS ACCOUNT. Drop in next time you are passing and get started. We have a book for YOU.

CAUCUS O. K.'S CURRENCY BILL

Majority in House Approves Money Measure, 163 to 9.

DISCUSSION OF WEEKS ENDED

Resolution Binding Members to Support Proposed Law Is Adopted. Chairman Glass Predicts Measure Will Be Passed Within Ten Days.

Washington, Aug. 29.—The administration currency bill, after nearly three weeks of discussion, was finally approved by the house Democratic caucus by a vote of 163 to 9. The dissenters were Representatives, Henry, Eagle and Calloway of Texas, Hardwick of Georgia, Lobeck of Nebraska, Buchanan and Fowler of Illinois, Neeley of Kansas and Sisson of Mississippi. After agreeing to the bill, the caucus adopted a resolution by an almost unanimous vote, declaring the bill to be a party measure and that "members of this caucus are pledged for the bill to its final passage, without amendment; provided, however, the banking and currency committee may offer amendments in the house."

The feature of the session was the adoption of a committee amendment as a substitute for the section on bank reserves, which, in effect, simply served to clarify the section as originally drawn.

The measure will be reintroduced in the house today by Chairman Glass, referred immediately to the banking currency committee, which will meet next Tuesday. It is expected the bill at once will be reported back to the house, which Mr. Glass predicts would pass it within ten days, many Republicans having indicated their purpose to support it.

The measure as it stands after adoption by the caucus is summed up by Chairman Glass, who piloted it through the caucus, as follows:

Regional Reserve Banks.

"The bill establishes twelve regional reserve banks, with a capital of not less than $5,000,000 each, to which national banks are required to contribute an amount equal to 10 per cent of their own capital stocks and to become liable for an additional 10 per cent in case of call. This, it is estimated, will give the regional reserve banks a combined paid up capital of $105,000,000. These regional reserve banks also are made custodians of a large part of the reserve money of member banks, estimated at about $410,000,000 in the aggregate. They also receive the government deposits, estimated at from $150,000,000 to $250,000,000.

"Over the whole system of regional reserve banks is to be a federal reserve board, consisting of seven members. This board is given extensive powers of supervision, examination and control.

One Important Provision.

"One important provision is for the gradual refunding, for a period of twenty years, of the United States 2 per cent bonds into 3 per cent government bonds without the circulation privilege. This will mean the eventual retirement of national bank notes. The circulation privilege will thus revert to the government itself, issuing through the regional reserve banks on a gold reserve of 33 1-3 per cent to be provided by the banks.

"The notable reserve features of the bill contemplate a reserve requirement of central reserve cities from 25 to 48 per cent and of all country banks from 10 to 25 per cent.

"National banks are compelled to become members of the system under penalty of forfeiture of charters, while state banks are permitted to become members under regulations of the federal reserve board.

"Concerning the provisions relating to rediscounts, over which there was such a prolonged fight, and as a substitute for which Representative Henry and others offered amendments comprising eighteen printed pages, the only change made was to add two and a quarter typewritten lines declaring that nothing contained in the bill should be construed to prohibit the rediscounting of notes and bills of exchange secured by agricultural products and other goods, wares and merchandise."

JEHOME TRIP PROVES VAIN

Premier of Quebec He Went to See Gone to New York.

Sherbrooke, Aug. 29.—Harry K. Thaw's lawyers, successful so far in keeping their client in jail, safe from the immigration authorities, rejoiced when they received word from Quebec that the trip of William Travers Jerome to see Sir Lomer Gouin, provincial premier and attorney general, had been in vain. Presumably Mr. Jerome did not know that the premier had left Quebec for New York to join those paying tribute to Lord Haldane, who is to arrive there from England today.

Feudists Battle, Five Men Dying.

Indiana Harbor, Ind., Aug. 29.—A feud of a band of Rumanians was fought to a finish in the streets of this city. Five men are dying from knife wounds as a result of the battle. No firearms were used. The fighters grappled and stabbed each other with their long knives.
